

## Show Your Support

Are you a parent, teacher, student, or engaged community member? Tell us why you support the standards in a short video. We want to know why your community supports common standards and how they will impact your life.

Voices of Support

## Mission Statement

The Common Core State Standards provide a consistent, clear understanding of what students are expected to learn, so teachers and parents know what they need to do to help them. The standards are designed to be robust and relevant to the real world, reflecting the knowledge and skills that our young people need for success in college and careers. With American students fully prepared for the future, our communities will be best positioned to compete successfully in the global economy.
