Camperdown Academy enables bright dyslexic students to achieve their maximum academic potential and provides educational outreach to help the community engage the full talents of dyslexic students and adults.

Camperdown Academy specifically exists to address the requirements of exceptional needs students. The school uses strategies uniquely suited to meeting the needs of dyslexic students including multi-sensory teaching and a phonetic approach to understanding language known as the Orton-Gillingham Approach. 100% of teachers are trained in this approach, and it is utilized across all programming and activities as a way to provide consistent, daily, and effective instruction with a schoolwide 3:1 student to teacher ratio. In addition to offering core academics in grades 1-8, each student receives a period of 1:1 or 2:1 tutorial as part of their school day. Additional programming includes training and outreach for public/private school teachers, para-professionals, and other community groups that work to provide services for learning disabled populations.

Application for Continued Participation
Educational Credit for Exceptional Needs Children (ECENC) Program
2018-2019

Independent School Name: Camperdown Academy

An independent school applying for continued participation in the Educational Credit for Exceptional Needs Children Program for Fiscal Year 2018-19 is required to submit the following information **by December 31, 2018**:

Student test scores, by category, on national achievement or state standardized tests, or both, for all grades tested and administered by the school receiving or entitled to receive scholarship grants pursuant to this section in the previous school year. The school shall also provide individual student test scores on national achievement or state standardized tests, or both, for any student in grades one through twelve who received a grant from the program during the prior school year. The information must be used to provide program level reports to determine whether students participating in the program have experienced measurable improvement. Students with disabilities for whom standardized testing is not appropriate are exempt from this requirement.

Section 12-6-3790(E)(1)(b)

The information will be used to issue an annual report.

Annually, the Education Oversight Committee shall issue a report to the General Assembly documenting the impact of the Educational Credit for Exceptional Needs Children Program on student achievement. In addition, the report must include information on individual schools if at least fifty-one percent of the total enrolled students in the private school participated in the Educational Credit for Exceptional Needs Children Program in the prior school year. The report must be according to each participating private school, and for participating students, in which there are at least thirty participating students who have scores for tests administered. If the Education Oversight Committee determines that the thirty participating-student cell size may be reduced without disclosing personally identifiable information of a participating student, the Education Oversight Committee may reduce the participating-student cell size, but the cell size may not be reduced to less than ten participating students.

Section 12-6-3790(E)(6)

Schools applying for continued participation in the ECENC Program must provide the following:

1. **School-level assessment results** for school year 2017-18 on national achievement tests for all grades tested in the school and for each grade with at least 10 students tested. Information should be provided for English language arts (reading) and mathematics achievement of students in the grade. Examples include: *TerraNova*, *Stanford 10*, *Iowa Test of Basic Skills*, etc. For grades 9-12, the school may provide average PSAT, SAT, ACT, or other scores as appropriate.

For schools that specifically exist to meet the needs of only exceptional needs students with documented disabilities, the EOC will work with the schools to provide information (including formative assessments, portfolios, etc.) that document the students' academic and social development.

How many students were enrolled in your school in 2017-18? 132

No personally identifiable information will be published; instead, the information will be aggregated at the school or state level as stipulated in law.

Each school will have access to a secure data portal to upload individual student assessment results, which will include personally identifiable information. The portal will capture, at a minimum, the following information:

- Name of the student who received a grant from Exceptional SC in the prior school year along with data including date of birth, sex, grade level, etc. to ensure that the assessment results can be matched to the individual student who received a grant;
- For each student who received a grant, the results of a national assessment or assessments in 2017-18 and if possible, in 2016-17 as well to document academic growth. The name of the assessment as well as scale scores for students or national percentile ranks must be included; and

INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON PROCEDURES

**TO: The Board of Directors, Camperdown Academy, Inc.
SC Education Oversight Committee**

**RE: Independent Accountants' Report on Applying Agreed-Upon Procedures
School: Camperdown Academy, Inc.
For the Year Ended June 30, 2018**

We have performed the procedures enumerated below, which were agreed to by Camperdown Academy, Inc. (the "School") and the SC Education Oversight Committee solely to assist you with respect to the School's compliance with the requirements of the Educational Credit for Exceptional Needs Children Program, for the school year ended June 30, 2018. Camperdown Academy, Inc.'s management is responsible for the School's compliance with the requirements of the Educational Credit for Exceptional Needs Children Program. The sufficiency of these procedures is solely the responsibility of those parties specified in the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures and associated findings are as follows:

1. We examined documentation to verify that all grants received under the Educational Credit for Exceptional Needs Children Program in 2017-18 were for eligible children enrolled in the school.

No exceptions were found as a result of applying the procedures.

2. We obtained documentation from the School and Exceptional SC detailing the amount of each grant per child and compared the amounts.

No exceptions were found as a result of applying the procedures.

3. We obtained documentation from the School and Exceptional SC detailing the amount of each grant per child and examined the documentation to confirm that no student's grant exceeded \$11,000.

No exceptions were found as a result of applying the procedures.

4. We obtained documentation from the School and Exceptional SC detailing the amount of each grant per child and examined the documentation to confirm that the School returned a prorated amount of any grant if the student receiving that grant withdrew during the school year.

No exceptions were found as a result of applying the procedures.

5. We examined documentation from the School to verify that the total amount of each grant received was used for tuition which is defined as "the total amount of money charged for the cost of a qualifying student to attend an independent school including, but not limited to, fees for attending the school and school related transportation."

No exceptions were found as a result of applying the procedures.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. We were not engaged to, and did not, conduct an examination or review, the objective of which would be the expression of an opinion on the School's compliance with the requirements of the Educational Credit for Exceptional Needs Children Program. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of Camperdown Academy, Inc. and the SC Education Oversight Committee and is not intended to be and should not be used by anyone other than those specified parties.
