An independent school applying for continued participation in the Educational Credit for Exceptional Needs Children Program for Fiscal Year 2018-19 is required to submit the following information **by December 31, 2018**:

Student test scores, by category, on national achievement or state standardized tests, or both, for all grades tested and administered by the school receiving or entitled to receive scholarship grants pursuant to this section in the previous school year. The school shall also provide individual student test scores on national achievement or state standardized tests, or both, for any student in grades one through twelve who received a grant from the program during the prior school year. The information must be used to provide program level reports to determine whether students participating in the program have experienced measurable improvement. Students with disabilities for whom standardized testing is not appropriate are exempt from this requirement.

Section 12-6-3790(E)(1)(b)

The information will be used to issue an annual report.

Annually, the Education Oversight Committee shall issue a report to the General Assembly documenting the impact of the Educational Credit for Exceptional Needs Children Program on student achievement. In addition, the report must include information on individual schools if at least fifty-one percent of the total enrolled students in the private school participated in the Educational Credit for Exceptional Needs Children Program in the prior school year. The report must be according to each participating private school, and for participating students, in which there are at least thirty participating students who have scores for tests administered. If the Education Oversight Committee determines that the thirty participating-student cell size may be reduced without disclosing personally identifiable information of a participating student, the Education Oversight Committee may reduce the participating-student cell size, but the cell size may not be reduced to less than ten participating students.

Schools applying for continued participation in the ECENC Program must provide the following:

- 1. School-level assessment results** for school year 2017-18 on national achievement tests for all grades tested in the school and for each grade with at least 10 students tested. Information should be provided for English language arts (reading) and mathematics achievement of students in the grade. Examples include: *TerraNova*, *Stanford 10*, *Iowa Test of Basic Skills*, etc. For grades 9-12, the school may provide average PSAT, SAT, ACT, or other scores as appropriate.

For schools that specifically exist to meet the needs of only exceptional needs students with documented disabilities, the EOC will work with the schools to provide information (including formative assessments, portfolios, etc.) that document the students' academic and social development.

INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

To the Board of Directors and Management of
Miracle Academy Preparatory School
P. O. Box 47
Russellville, South Carolina 29476

We have performed the procedures enumerated below, which were agreed to by the Board of Directors and management of Miracle Academy Preparatory School ("the School"), on its compliance with certain requirements of the SC Education Oversight Committee in its determination of the School's eligibility to participate in the Educational Credit for Exceptional Needs Children Program for the year ended June 30, 2018, in the areas addressed. Miracle Academy Preparatory School's management is responsible for compliance with the requirements of the Educational Credit for Exceptional Needs Children Program. The sufficiency of these procedures is solely the responsibility of those parties specified in the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures and associated findings are as follows:

- 1) We verified that all grants received under the Educational Credit for Exceptional Needs Children Program were for eligible children enrolled in the school by vouching the list of students who received grants for the fiscal year ended June 30, 2018 to the School's attendance records.

No findings noted.

- 2) We vouched the amount of the grants provided per the copies of checks and a corresponding reconciliation of amounts per student provided by the Scholarship Funding Organization to the School's bank statements to determine the total amount of the grant per student from every Scholarship Funding Organization.

No findings noted.

- 3) We inspected the copies of checks and a corresponding reconciliation of amounts per student provided by the Scholarship Funding Organization to determine that no grant exceeded \$11,000 per student during the fiscal year ended June 30, 2018.

No findings noted.

(Continued)

- 4) We inspected the School's documentation that it returned a prorated amount of the grant to the Scholarship Funding Organization when any student withdrew during the school year.

No findings noted.

- 5) We verified that the total amount of the grant was used for tuition, which is defined as the "total amount of money charged for the cost of a qualifying student to attend an independent school including, but not limited to, fees for attending the school and school-related transportation," by verifying that the amount of the grant per the copies of checks and a corresponding reconciliation of amounts per student provided by the Scholarship Funding Organization was the same amount as the standard tuition rate for the semester each student was enrolled per the School's attendance records.

No findings noted.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on the School's compliance with the requirements of the Educational Credit for Exceptional Needs Children Program. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of Miracle Academy Preparatory School, the South Carolina Department of Revenue and the SC Education Oversight Committee, and is not intended to be and should not be used by anyone other than those specified parties.
